

stormbirds
Growing through natural disaster

COMPANION TRAINING

for the
Stormbirds Program

**Train to become a Companion to deliver
the Stormbirds program in your school**

Stormbirds® is a small group program based on the belief that change, loss and grief are a normal and natural part of life. It provides children and young people who have lived through a natural disaster the opportunity to examine the impact of this experience on their lives.

This one day training is offered free of charge to areas of need after natural disaster. It is available to teachers, professionals and volunteers, equipping them to facilitate the **Stormbirds®** four session program.

Seasons for Growth is an education program. It does not provide counselling or therapy.
